OBJECTIVE

As an aspiring front-end developer, I am eager to apply my knowledge, creativity, and passion for coding to contribute to dynamic and innovative projects. Seeking an opportunity to leverage my skills in HTML, CSS, and JavaScript to create engaging and responsive user experiences.

EDUCATION

- Master Of Computer Application (**MCA**) | Jawaharlal Nehru National College of Engineering, Shivamogga **CGPA 7.5 (Jul 2019 – OCT 2022)**.
 - Bachelors in computer application (**BCA**) | S R N M National College of Applied Science, Shivamogga (**Aug 2016 – Jun 2019**).
 - PUC | AVS Science PU College (**Jul 2014 – May 2016**).
-

SKILLS

- Proficient in HTML5, CSS3, JavaScript
 - Experience with front-end frameworks like ReactJS
 - Familiarity with responsive design and cross-browser compatibility
 - Basic understanding of version control systems like Git
 - Knowledge of UX/UI principles
 - Programming Knowledge of Python and SQL
-

INTERNSHIP

➤ Digiadd Technologies, Bengaluru

- Developed and maintained responsive websites using HTML, CSS, and JavaScript, ensuring optimal user experience across multiple devices and platforms.
- Collaborated with cross-functional teams, including designers and developers, to troubleshoot technical issues and implement website improvements, resulting in increased site traffic and engagement.

PROJECTS

Online Food Ordering System(Apr 2022 – Jul 2022)

As a part of my online food ordering system project, I developed features such as user registration and login system, menu management system, search and filter functionality, cart system, payment integration, order management system, review and rating system, push notifications, and analytics and reporting system to enhance the customer experience and streamline the ordering process.

E-Commerce Website (Apr 2023 – Jul 2023)

Developed a responsive e-commerce website using HTML, CSS, and JavaScript Implemented user authentication, product listing, and cart functionality Integrated a payment gateway for secure transactions Collaborated with a team of three to deliver the project within a tight deadline
